## PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the CIA Photographic Intelligence Division.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

#### SUMMARY

Talovyy Vostochnyy Ordnance Depot Pug is located 7 kilometers (km) east of Barano-Orenburgskoye and 13 km east-southeast of the Pogranichnyy Military Complex (Figure 1).

The depot covers approximately 315 acres and contains a total of 46 buildings, including 1 administration building, 2 barracks/support buildings, at least 19 probable explosives storage buildings, and 24 support buildings. In the

The depot was covered by KEYHOLE missions of interpretable quality. Comparative analysis indicates no significant change during the period observed.

#### DESCRIPTION OF INSTALLATION

##### Railroad Service

A probable single spur from the Krasnopolya-Pogranichnyy rail line enters the depot from the north.

however, poor-quality photography precluded identifying the buildings on the coverage. There was no significant change in the building count or in its level of activity during the period observed.

25X1D

25X1D

##### Road Service

A secondary, probably all-weather road connects this depot with Barano-Orenburgskoye.

##### Ammunition Storage Areas

Area F1 contains at least 15 probable explosives storage buildings and 14 support buildings. No security measures were observed.

##### Administrative and Troop Housing Area

Area D contains 1 administration building, 2 barracks/support buildings, and 8 support buildings. The depot was constructed prior to and possibly prior

Area F2 contains 4 probable explosives storage buildings, 3 possible entrances to underground storage, and 2 support buildings.
